

# High Thinktank Kit—"Green Questions"

Print out and cut up the following "green" sheet of questions, one question to a slip, folded in on itself. These "green questions" are follow-up questions which can be on any colored paper different from that used for the "white questions."

---

How best can I make sure  
that I'm on the right track with  
this answer I've just deciphered?

---

What more do I most  
need to know about  
this matter?

---

What's the best concrete  
Step One to implementing  
this answer/understanding?

---

What's the main concern I need  
to watch while implementing  
this answer/understanding?

---

What's the highest  
priority for my attention  
and action at this time?

---

How best can I assure the best  
outcomes possible for those  
who are affected by what I do  
in this context?
